

**IV Brazilian NF International  
Meeting Program  
Belo Horizonte  
October 24<sup>th</sup>, 2014**

Programas de Pós Graduação:  
Ciências Aplicadas à Saúde do Adulto  
Medicina Molecular

Centro de Referência em NF do HC  
Faculdade de Medicina da UFMG  
Auditório Amílcar Viana Martins

8:30 - 8:35	Prof Paulo Caramelli	Welcome
8:35 - 9:15	Prof Luiz O.C. Rodrigues	Clinical management of NF
9:15 - 10:00	Prof Marco A. Romano-Silva	NF1 as an integrative model in neuroscience research
10:00 - 10:15	<b>Break</b>	
10:15 - 11:30	Prof Vincent M Riccardi	Atypical Neurofibromas and what they teach us about neurofibromas and NF1 in general.
10:15 - 11:30		Hexose metabolism and aerobic glycolysis and their importance to NF1.
10:15-11:30		Attentiveness and wild type alleles at the <i>NF1</i> locus, which should be labeled "Attentin".
11:30 - 12:00	Prof Karin G. Cunha Prof Juliana F. de Souza	Discussion
12:00 -13:30	<b>Lunch</b>	
13:30 - 14:00	Dr Eric Grossi Morato	NF2 surgical cases- discussion
14:00 - 14:45	Prof Karin S.G. Cunha	Hormones in NF1: News and future.
14:45 - 15:15	Dr Hérica M. Mendes	PET-CT in NF1 tumors: Minas Gerais Experience
15:15 - 15:45	Marcio L. Souza Aline S. Martins	Food Intake, metabolism and glucose tolerance in NF1 patients
15:45 - 16:15	Prof Luiz G Darrigo-Junior Prof Eny G. Bertolo	Discussion
16:15 - 17:00	<b>Break</b>	
17:00 - 17-15	Prof Luiz O C Rodrigues	SBPNF Activities Report and 10 years of the NF Reference Center of HC-HFMG
17:15-18:00	Prof Nilton A Rezende and Post Graduate Students	UFMG, UFFF, USP-RP, FMSJRP, others
18:00-18:15	Prof Débora M. Miranda	Closing section: Future projects and cooperation
18:15	André Bueno Belo	Monica Bueno Award to Vincent M. Riccardi
